BAY ST. LOUIS BANDS SELECTED OUTSTANDING PASCAGOULA FESTIVAL

Stanislaus and Bay High Named as First—Three States to
Participate In Event November 2—Twenty Schools
Slated to Compete.

Pascagoula, Miss., Sept. 13.—The
Bay St. Louis High School and St.
Stanislaus bands have been selected
as the outstanding school bands of
South Mississippi, Louisiana, and
Alabama invited to participate in
the first annual Pascagoula Band
Festival which will be held in Pasa-
coula, Saturday, November 2. It
is expected that at least 20 schools
will compete for the handsome prizes
offered to the winners.

Plans are to make the festival the
most outstanding gathering of musi-
cal organizations ever held in South
Mississippi. An elaborate program
of entertainment is being prepared
for the visiting band members and
others attending this event. The fes-
tival is being sponsored by the Pas-
cagoula High School Band and Aux-
iliary.

One of the features of the festi-
val will be the huge parade, to be
staged at the opening of the pro-
gram. In this parade, the visiting
band sponsors will ride on specially
decorated floats and all bands will
be included in the line of march. The
sponsors will be judged in a beauty
contest and the winner will be
crowned "queen of the festival." The
sponsors of the Pascagoula band, who
will be hostess to these girls, will be
ineligible to compete for this honor.

The visiting band members will be
entertained with dances, a seafood
supper and many other courtesies.
During the late evening the march-
ing contest, baton twirling contests,
crowning of the queen and other
events will be staged.

The bands will be divided into
three classes and points awarded in
each division. The band scoring
the largest number of points, regard-
less of the division in which it com-
petes will be awarded the capital
prize.

Mayor Frank Canty and other city
officials of Pascagoula and various
civic organizations are cooperating to
make the festival the largest of its
kind ever arranged for in this sec-
tion. About 1,500 young musicians
are expected to participate.

Mr. and Mrs. Theo Tudury are
having their former home on Nicaise

Mr. and Mrs. Tudury also own the
beautiful plot on Court street which
has been planted with a number of
japonica-camellia plants and rose
bushes and which boasts one of the
prettiest lawns and well-kept sites
in Bay St. Louis. It is expected that
building will begin very shortly on
this site and the home they plan will
be one of the nicest additions to the
Bay.

MAYOR OF WAVELAND STRICKEN

Hon. Thomas J. Bourgeois
Suffered Light Attack
Saturday—Taken To
Orleans.

Mayor Thomas J. Bourgeois, of
Waveland was suddenly stricken
Saturday and after calling the fam-
ily physician, Dr. C. L. Horton, was
removed from his home to the King's
Daughters' Hospital in Bay St. Louis
for further observation.

The ailment was somewhat in the
form of a light stroke, it was said,
one of his hands slightly affected.

However, he was moved to New
Orleans Monday morning for further
observation and treatment by spe-

encouraging and the Mayor is be-

Mayor Bourgeois' sudden illness
was received with much surprise. He
had been out with a party "shrim-
ping" that morning and apparently
as well as his companions.

Arrives in N. Y. Back From Peru To Resume Studies at Stanislaus

William Landry, grandson of Mrs.
A. D. Landry and popular student at
St. Stanislaus College, arrived in
New York City on Sunday aboard the
Grace Line's Steamship Santa
Lucia which left Peru on August 29
and reach Bay St. Louis on Tuesday
via Louisville & Nashville Railroad
after a safe and interesting voyage
up the Pacific Coast, through the
Panama Canal and Gulf of Mexico.

"Billy," as he is affectionately
known, with his younger brother,
Edward, left at the end of the school
session to spend the summer with
his parents, Mr. and Mrs. Wm. Lan-
dry who are located in Talara, Peru,

where Mr. Landry is engaged as an
engineer. Talara is a small town
located high up in one of the moun-
tain ranges which run along the
West Coast of South America and
not far from the ocean, and Billy
states that from their home often
they amused themselves by watching
whales swimming in the ocean, at a
distance from the shore.

Billy returned to the States this
school session alone as his parents
decided to keep their younger son,
Edward, with them and entered him
in a school in Talara until they re-
turn to the United States next year.

Edward previously was a primary
grade student at St. Joseph Academy
where he is being missed by the fa-
culty and his school mates.

JUDGE CORBIN SPEAKS

Before Bay Rotary Club on
Public Service and Civic
Consciousness.

Judge L. C. Corbin, presiding over
the fall session Hancock county cir-
cuit court, now in session in Bay
St. Louis, was the honor guest and
principal speaker before the Bay
St. Louis Rotary Club Wednesday
noon, introduced by Attorney Lucien
M. Gex.

Judge Corbin discoursed on com-
munity service, a timely and ap-
propriate subject. He said community
service was the life of every section
and each and every person should
delegate him or herself to the con-
structive task and dedicate their time
and being to serving some one group
of some purpose or cause. There is
so much that may be done in this
direction, he said.

He took occasion, as an example,
to dwell on the azalea trail in Mo-
bile, pointing out that this was a
community service—one that had
not only proven remunerative in
more ways than one but that had
brought lasting pleasure from year
to year to the thousands who visit
and to the others who reside in Mo-
bile and adjacent territory. He said
the azaleas would grow otherwise in
Mobile but in a sense, meant nothing
until the people had banded them-
selves in community action and spir-
it to foster the thought first, then
the project and to bring it into the
living reality that it is and serves.

Judge Corbin said that every boy
and girl should be part of the com-
munity in the sense of service; they
in fulsome endeavor could in this
wise contribute bountifully and in
lasting manner. The address was
well received and each Rotarian left
carrying home a message that will
live and thrive, if nurtured by the
proper spirit—as it will.

President H. Grady Perkins pre-
sided at the meeting and the attend-
ance was up to the usual high stand-
ard.

Women Elect Mrs. Cath-
erine Edwards Pres.

The Bay St. Louis District of the
National Council of Catholic Women
meeting for the month of September
at the Knights of Columbus Hall in
Gulfport elected its officers for their
new year.

Very Rev. Father A. J. Gmelch,
pastor of Our Lady of Gulf Church of
Bay St. Louis, opened the meeting
with prayer and Mrs. G. Y. Blaise,
report was in the chair.

Reports of the charity and spiritual
works performed during the month
of August were read by the various
chairmen from the cities of Pass
Christian, Long Beach, Bay St. Louis
and Gulfport and revealed an as-
tounding amount of work being ac-
complished. Gulfport reported ex-
tensive repairs to the parochial
school and grounds, the funds for
which were earned by the Mothers' Club.

Mrs. John Normand of Gulfport
read the President's message which
urged the ladies to accept their parts
in Catholic Action, and which spoke
of the national convention to be held
in Detroit in October and to which
a number of delegates are expected
to attend.

The nominating committee with
Mrs. Martin Farrell as chairman gave
their report and after a lengthy dis-
cussion and election, Mrs. Catherine
Edwards of Gulfport was elected
president and Mrs. John Normand,
also of Gulfport, was elected secre-
tary-treasurer.

A rising vote of thanks was given
to the outgoing president, Mrs. G. Y.
Blaise, and the outgoing secretary-
treasurer, Mrs. George Guilbault for
their services during their two-year
term.

A number of members present sig-
nified their intention of attending
the next board meeting to be held
soon in Meridian.

The meeting adjourned and the
Gulfport ladies served refreshments
to everyone.

BRIDGE REFUND CASE MOVED FROM HANCOCK TO HINDS COUNTY.

Attorneys for the Mississippi High-
way Commission at Jackson Wednes-
day announced that they had secured
transferral to Hinds County circuit
court a suit seeking refund from the
state of \$177,000 spent in improve-
ment of the bridge across Bay of
St. Louis.

The suit was brought by Attorney
General Greek L. Rice against the
highway commission after the state
supreme court had reversed a pre-
vious award of the funds to the Han-
cock county board of supervisors on
grounds that the suit should have
been filed in the name of the at-
torney general.

Transferral of the suit to Hinds
county, legal residence of the high-
way commission, was secured by
State Senators Earl Richardson and
B. H. Loving and Ed Holmes, Jr., at-
torneys for the commission.

The Hancock board is seeking the
reimbursement under a statute pro-
viding for repayment by the state
funds spent by counties in construc-
tion of portions of the state high-
way system.

The case was set for this term of
Hancock county term of circuit court,
to be heard this week. Transferral
of the case to another county came
unexpectedly, but will not prej-
udice the case neither effect the status
of the Hancock's chance of winning,
it was said.

county to interview every veteran
and have him join the American Leg-
ion.

is captained by Louis J. Banderet,
the other team known as the Reds,
is captained by Wm. B. Graham.
Either of these captains will be glad
to collect dues if called on.

It is also important that heads of
businesses in this community see
that employees who are veterans join
the Legion. They will also be called
on to get employees interested.

If you have not joined already,
please do so because this is a very
important call on the veterans.

HOTEL REED HAS NEW LESSEE-MANAGER WHO IS IN ACTIVE CHARGE

BELOVED COUNTIAN PASSES ON

Asa Russ, Aged 85 Years,
Dies at Family Home-
stead at Pearlington.

Hancock county lost one of its old-
est and beloved citizens Saturday
when Asa Russ aged 85 years passed
away at his home "The Russ home-
stead," by the side of the road," at
Pearlington, Hancock county.

Mr. Russ lived at the old fam-
ily home for many years, located on
the original 90 Highway, at Pear-
lington, where he resided alone, with
an aged house-keeper in charge. It
is here his large family was born
and reared, and it is here he spent
the sunset years of his life in retro-
spection and reminiscent mood.

Sweet were the memories and happy
were the end of the golden years.

Mr. Russ seated on his front porch,
on the old highway, saw the world
go by. He really and truly lived
by the side of the road and with the
poet sat in the philosopher's chair.
His helpmeet had preceded him to
(Continued on page 6)

On September first, the Reed Hotel
was taken over from the Dayton Ho-
tel Co. of Albany, Ga., by H. W. Le-
Tissier, who will operate it as lessee-
manager. Mr. LeTissier hails from
neighboring state of Louisiana and
is an experienced hotel operator. In
a statement made to The Echo, Mr.
LeTissier stressed the point that
among the many reasons he consid-
ered before locating here, not the
least was the assurance that the
sand beach would be built in front
of the existing sea-wall. It is his
belief, that this is the one thing that
Bay St. Louis needed, to put it out
in front of any other part of the
Coast as a leading resort playground,
which will of course reflect in a
decided advantage to the hotel. He
admitted frankly that in his opinion,
any community that could and would
obliterate themselves for this added
improvement, must of necessity have
faith in the future, and that, in it-
self will attract outside capital, and
continued growth.

Mr. and Mrs. Harrison, who have
been operating the Reed since Jan-
uary for the Dayton Hotel Co., will
remain under the new management,
and the same policy as established
by the Harrisons will continue.

The Reed enjoyed overflow busi-
ness over Labor Day and was filled
up over last week with a con-
vention of the Oak Appliance Co., of
New Orleans. During the past week,
many guests from Cuba and Mexico
City have been registered while here
to enroll their children in the dif-
ferent schools.

CONSTRUCTION GIVES CITY EVIDENCE OF SUBSTANTIAL GROWTH

W. A. McDonald Interests Building Row of Attractive
Cottages—Two Sub-Divisions Planned For Bay
St. Louis in Immediate Future.

Further evincing faith in Bay St.
Louis by their investments, a num-
ber of citizens are investing in real
estate which is always an indication
of better times ahead.

W. A. McDonald is having erected
a number of small cottages for ren-
tal purposes just off the corporation
line on State Street and near High-
way 90, which are attractive in their
newness and provide good residences
for families requiring small homes.

It is also understood that a number
of attractive, new small homes of
the most modern type are contem-
plated and plans and specifications
are being assembled for the build-
ing of these homes in a nice section
of town and which will constitute
one of the major, real estate deals
contemplated here in some time.

The Standard Life Insurance Com-
pany, owners of land corner North
Beach and Sycamore street, through
its representatives, Mr. Capdevielle
and other of New Orleans, are
planning to build from ten to twelve
small cottages, modern in every par-
ticular. These are not to be con-

fused with tourist camps, but, it is
planned, to build cottages of modest
size, that may be rented permanent-
ly or by the day, week or month.

An elaborate plan of detail has
been worked out and, it is said, the
preliminaries prior to building, are
now in progress.

M. A. Phillips and W. J. Gex,
owners of the former R. R. Perkins
premises, propose to build therein
a number of modern homes and
have been giving the matter serious
thought to the effect they propose
to begin operations at no late date.

Mr. Phillips has a number of well-
planned houses in mind that will
come under the head of 5-room
houses; something for the moderate
purses.

These improvements are not simply
hearsay or rumor but projects
that are actually in the making. Lo-
cal contractors have been appraised
of the Beach and Sycamore street
project, which will be no tourist
court but practically a sub-division
as we see in some of the better
neighborhoods of larger cities.

NIGHT LIFE ON COAST IN HARRISON COUNTY GIVEN TERRIFIC JOLT

From Henderson Point to Biloxi All Clubs Carrying On
Gaming Closed—Slot Machines Carted Away—No
Bank Nights for Theaters.

Gulfport, Miss., Sept. 10.—From
Henderson Point to Point Cadet,
night life on the Harrison county
front last night was a dead issue for
the first time in several years, the re-
sult of a "clean up or be closed up"
order issued by Sheriff R. C. Edwms
Saturday in which various operators
were given 48 hours in which to con-
form to the law.

Vans were being backed up to the
rear doors, and the front doors in
some cases of establishments all over
the county as the "one arm bandits"
were carted away. Such activity
was begun as early as yesterday
morning, more than 14 hours before
the deadline, which was set for Mon-
day midnight.

As early as 10 o'clock last night
such off-frequent places as the

Grove, Broadwater Beach and the
Plaza were in darkness. Paradise
Point was still doing business at 1
o'clock, while the safe of the Broad-
water Beach was also in operation
long after the west wing was closed.

The manager of the Saenger The-
ater at Biloxi said that usual Tues-
day drawing will not be held tonight.
The managers of the Paramount said
that bank night will also be suspend-
ed in Gulfport. The managers said
that any attempt to stage a drawing
would be met with action from peace
officers.

Many operators of slot-machines
and proprietors of recognized night
spots were in Gulfport today appar-
ently on business.

SEAPLANE BASE FOR GULF COAST.

FROM Gulfport to Bay St. Louis a concerted effort is in progress for securing for Pine Hills location, on the Bay of St. Louis, a federal seaplane base to be part of our national defense program.

The story of this effort was told in detail in the last issue of The Echo. Since then elaborate petitions, setting forth advantages and describing location, were sent to Washington, where representatives of Mississippi will introduce to the proper authorities thru right channels.

Every official and civic body of standing endorses the proposition and it went forth carrying the endorsement of representative public.

Just what effect and finally what results will be attained is not stated, but there is an optimistic trend of thought, and it is feasible to so conclude, that the petition will meet with favorable reception.

A seaplane base on the shores of the waters of Bay St. Louis would animate things considerably and a veritable hum of animation would result, to say nothing of the material benefit to accrue to business locally.

Senator Harrison and Senator Bilbo as well as Congressman Colmer approve of the petition. They see the advantage such a base located in this section of the Gulf Coast and waters of the Gulf of Mexico will prove and are not hesitant about their approval and energies to put it through.

30,000,000 STUDENTS RESUME WORK.

AS the schools of the United States begin another year's work, it is well for Americans to take pride in the spectacle which cannot be duplicated upon the face of the earth.

In this country some thirty million children will begin or continue their education. It will cost the nation more than \$2,500,000,000 to provide educational facilities for its future citizens. More than one million men and women are employed as instructors in the public and private schools of the nation.

While naturally proud of the educational system of this democracy, Americans should never forget that the process of education, like other processes are constantly subject to change and improvement. While we should not be too quick to accept the fads which are introduced by so-called experts, we should not close our minds to the possibility of increasing the efficiency of our school system.

In Hancock county thousands of children will soon resume their studies. They will go to schoolhouses to be instructed by their adults. The courses they take represent the best judgment of their elders.

It is gratifying to learn that, more and more, the grown-ups are considering the problems of the child-mind and attempting to make the educational system fit the needs of the pupil in order to develop boys and girls into substantial citizens of this democracy.

\$50,000 LEFT TO METHODIST HOME AT JACKSON.

FOUR religious and charitable institutions were given \$71,000 in the will of Arthur Montgomery, president of the Atlanta Coca-Cola Bottling Company, who died last week.

Institutions benefited are: Methodist Orphans Home of Jackson, Miss., \$50,000; Susan Montgomery Memorial Methodist Church, Madison, Miss., \$20,000; Methodist Orphans Home, Decatur, Ga., \$500; and Hebrew Orphans Home, Atlanta, \$500.

The result of the estate after the charitable and a number of special bequests are taken, will remain in trust for 20 years for the benefit of the children of L. F. Montgomery, a nephew, according to the will which was filed for probate.

Commenting on the gift from Mr. Montgomery, the Jackson press says:

"Arthur Montgomery was born at Madison Station and was always a good friend of the orphanage and has contributed frequently to its upkeep in the past and I am very happy to hear of his request to the home," commented H. V. Watkins, Sr., local member of the home's board.

SPORTSMEN CALLED TO MEET.

SPORTSMEN from the four counties of Harrison, Hancock, Jackson, and Stone have been asked to attend a meeting at Pascagoula next Tuesday night, 8 o'clock, at the courthouse called by W. H. (Bill) Starr, Coast member of the State Game and Fish Commission.

This meeting for the discussion of matters relative to hunting and fishing and the conservation of the game and fish life of South Mississippi will be open to the public. Commissioner Starr said, and other members of the state game and fish commission and game wardens throughout the district are expected to attend. E. B. Ford, Pascagoula lawyer, has been asked to preside.

Regardless of when Thanksgiving Day arrives, we can be thankful that this nation is not experiencing aerial bomb attacks.

What has become of the young man who used to learn poetry by the page under the impression that he was wisely using his time?

When does Mr. Hitler plan to undertake his boasted conquest of the British Isles. Has he missed the boat, sure enough?

MUST BE NAUGHTY BOYS.

THE Wayne County News is a bit ironic in discussing the recent political results and passes out this suggestion concerning the next gubernatorial contest.

Indications are that two high-class men, who have run for the office of governor before and had the daylight beat out of them, will perhaps again be in the race next election. Before they pitched their campaigns upon high planes and lost, because Mississippi voters, it seems, are not captured that way.

If Mike Conner and Tom Bailey wish to run again, they would do well to take a little advice on how to get the votes. We suggest that they might try:

Taking the primrose path a little. Of course, gentlemen, for political purposes only. Snag a "light lady of the evening" by the arm-and-go places. Hit the bright lights. Men don't place their heels or the necks of play boys any more.

Promise them something. Promise them plenty. No matter how ridiculous or prolific the promises are, weigh your platform down with promises. Tell them, for instance, they will not be forced to come in and sign up for commodities when you are governor, you will send commodity solicitor out to them and guarantee delivery the same day. Foolish, isn't it? But promises do the work. Nobody is getting \$30.00 pensions, you know.

Quit her wives. Such things as wives in a political campaign are cumbersome. Travel light. Get in circulation, and be a gay old daddy. Paint the town red, play around the mulberry bush, whistle in the dark. Then swear you didn't do it. You'll be surprised at the damphool excuses your friends will make for your shortcomings.

If you boys will do this for the next two years, why bless your hearts, you'll mow 'em down. They'll have to work overtime to count the votes you'll get.

The above is passed along the line without comment, says the Jackson News. Judge for yourself whether or not it is a true picture of the situation.

DESTROYERS FOR SECURITY.

THE transfer of fifty destroyers to Great Britain is an unusual proceeding. It is justified entirely by close connection which exists between British defenses against Germany and the security of this country.

In this connection, it should be understood that the offer of Great Britain to make available to the United States a series of air and naval bases on territory of the Empire, in order to assist this country to prepare adequate defense, was likewise an unprecedented development.

So far as we know, there is no parallel for the action taken by the two governments. It indicates a community of interests between the English-speaking peoples and augurs well for the peace of the world in the years to come.

The over-age destroyers that the United States makes available to the British navy were used by this country in the World War, subsequently laid up and some of them were recently recommissioned for use in the neutrality patrol.

Experts say they are too slow to be of much use to the modern American battlefleet whose speed has been greatly increased in recent years. Moreover, the Navy has modern destroyers, with more under construction and doesn't particularly need the old ships.

A glance at the map will easily show how important air and naval bases in Newfoundland, Bermuda and Trinidad are to the defense of this country. Not only will they enable our forces to meet an invader far out at sea, but the Trinidad base will safeguard the southern approach to the Panama Canal.

In addition, the base on Trinidad affords an advance point from which American forces will be able to operate beyond the bulge of Brazil, considered one of the most vulnerable points in the hemisphere because of its nearness to Africa.

E. COONEY WESTON HEADS FORESTRY GROUP.

THE Mississippi Forestry Association changed its name at Jackson this week to the Mississippi Forestry and Chemurgic Association, and elected E. Cooney Weston, of Bay St. Louis, president.

Such honor could not be more worthily bestowed than on this young and progressive Hancock countyman, who has made a life study of forestry and the kindred interests. Bay St. Louis and Hancock county appreciate the honor, and we congratulate our young friend.

Other officers named were Frank Pittman, Picayune, secretary; J. B. Bishop, Jackson, treasurer, and three vice presidents: C. C. Day, Aberdeen; L. O. Crosby, Picayune; Hindmarsh Dooxey, Holly Springs, and Mrs. H. J. Wilson, Hazlehurst.

A new youth department was recommended by a committee headed by Ben M. Stevens, of Richton and he will head a group to work with state and federal units to plan a program to interest youths in conservation.

NOMINEE T. HALE BOGGS.

T. HALE BOGGS, who captured the nomination for Congressman from Louisiana (New Orleans district) is a product of the Mississippi Gulf Coast, and one that we feel very proud of.

Mr. Boggs is a native of Long Beach, Miss., a son of Mr. and Mrs. R. W. Boggs, aged 26, and the youngest man (the age minimum) ever to go to Congress from Louisiana.

He is also a grandson of Mrs. Thomas D. Hale, resident of Bay St. Louis, his mother Miss Clara Hale before her marriage, and a sister of Misses Mamie and Irma Hale and Thos. D. Hale, Jr. His grandfather was Thos. P. Hale, former president Gulf & Ship Island R. R.

He attended St. Thomas School at Long Beach and graduated from Tulane University. Located in New Orleans, he soon made his way forward by meritorious endeavor. He defeated the present incumbent, Congressman Paul Maestri, who held the trust for many years. Congratulations to this splendid young man.

Hollywood Notes.

IN ORDER to foster good relationship between this country and South America and, by the way, attempt to replenish diminishing box office receipts, quite a trek of the movie great will be made southward ere long. Among those contemplating such excursions are Clark Gable and his Carole, Tyrone Power and his Annabella, Mickey Rooney, Jimmy Cagney, Errol Flynn, Spencer Tracy and Claudette Colbert.

Before Dorothy Arzner became the only woman director in the movie industry, she was film editor for Cecil B. DeMille and Paramount.

Marie Wilson, who was given her movie start as a 'beautiful but dumb' type has now graduated into real acting. She had an important part in "Virginia," her first in some time.

Well, delights in romance and all that sort of thing, the long-awaited event has occurred. Vivien Leigh and Lawrence Olivier are married.

Among the old-timers of the days of silent movies who are making a comeback, is Marjorie Lambeau who is being featured in the role of Tugboat Annie, made famous by the beloved Marie Dressler. Alla Nazimova, who was known to film-fans of some fifteen or so years ago, is returning to the screen to play "Emmy Ritter."

Rosalind Russell and Melvyn Douglas are to be co-starred by Columbia in "This Thing Called Love," a comedy based on Edmund Burke's stage play. Miss Russell will play the role originally scheduled for Lorena Young.

Spencer Tracy and John Steinbeck, the author, recently spent several days in Central California studying the locale for his portrayal of the leading role in Steinbeck's novel, "Tortilla Flat."

When she finishes her role in "Reaching for the Sun," Barbara Stanwyck will appear in Paramount's production of "Pioneer Woman," a story of San Francisco gold rush days, written by Adela Rogers St. John.

The picture based on the life of Knute Rockne and titled, "Knute Rockne—All American," will have its world premiere at South Bend, Ind., October 4. Mrs. Rockne was in Hollywood during the filming of the picture.

We have to hand it to the British. With air raid sirens screaming in their ears and airplanes roaring over their heads, they are going on with their movie-making, almost without interruption. With seven pictures completed, they are planning a remake of "Paddy, the Next Best Thing," and are preparing "Fighting Squadron," a story of the manufacture of Spitfire planes.

Milton Berle has been signed to a term contract by Fox and his first picture will be "The Great American Broadcast."

It seems now that Bette Davis will play the lead in Polan Bank's "January Heights," which was bought by Warners last year as a vehicle for Miriam Hopkins. George Brent is scheduled for the male lead.

Maroon Alumni Plan Mississippi State Club For Gulfport, Miss.

Ed Hosch, Jr., graduate of Mississippi State in 1938, said after a conference with other Maroon alumni of Gulfport, that a Mississippi State club for the city was being contemplated.

At present, there are no Maroon alumni clubs in Harrison county, and heretofore, the Coast has operated as a unit. Grady Perkins of Bay St. Louis has handled all transactions with the parent association, which has headquarters at the college.

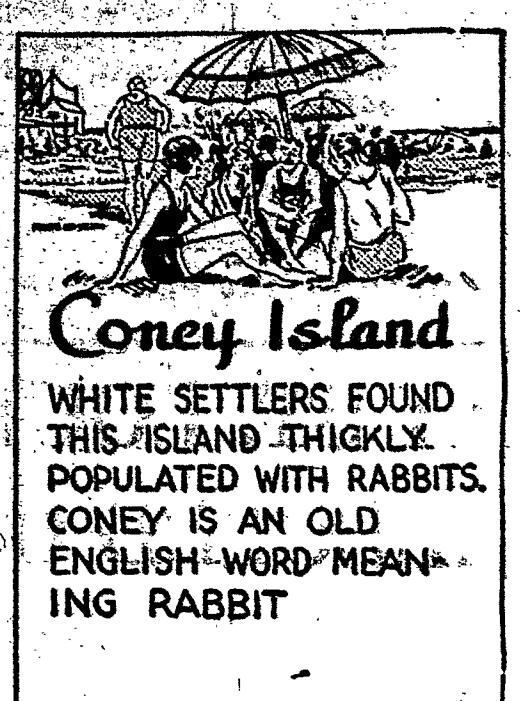

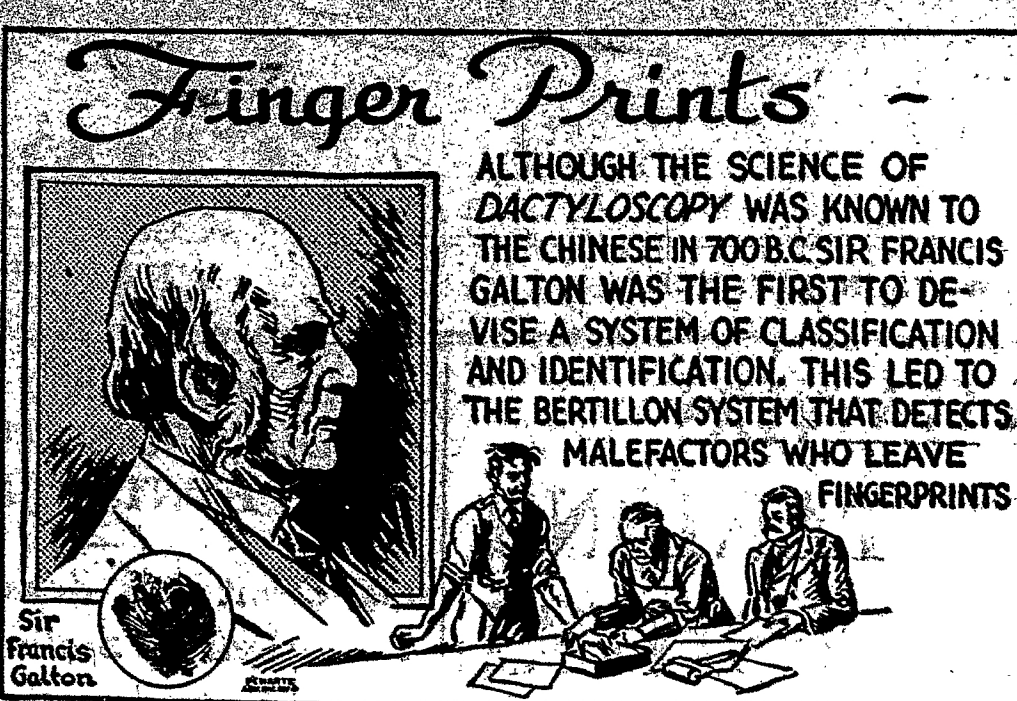

W. O. Stone, alumni secretary, of State College and C. C. Smith, president of the association of Greenwood, are being contacted in an effort to align Gulfport graduates as a separate unit and to secure a charter. Plans will be discussed for this move at a meeting to be held in the near future.

Included among alumni members residing at Gulfport are Jake Milner, Clayton Rand, Dana King, F. P. "Dutch" Ansley, H. L. Turnipseed, Luther Blackledge of Poplar Head, O. T. Powers, Lee Wood, Vic Daniels, Frank Callahan, Julian Harris, Jimmie Gay, Mitt Evans, Tom Rand, H. H. Leggett, Bob Moody, Carl Rich, Sidney Rice, H. C. Gillis, Weir and Bobby Hamilton.

Bernheim, "Boaty" Vick, Geoffrey Watrous and others. Mrs. D. R. Coon of 8th street, and Mrs. Wade Hatten, Jr., are graduates of State, while the former was one of the first co-eds to receive a diploma from the institution.

The maximum allowed by the state's corrupt practices act is \$15,000. Contributions received by White totaled \$3,420, according to affidavits he had filed with the secretary of state.

Teacher—Who can tell me what the former ruler of Russia was called?

Class (in unison)—Czar.
Teacher—Correct, and what was his wife called?

Class—Czarina.
Teacher—Correct, and what were the Czar's little children called?

WHEN THE "VET" IS NEEDED

It pays to have a telephone

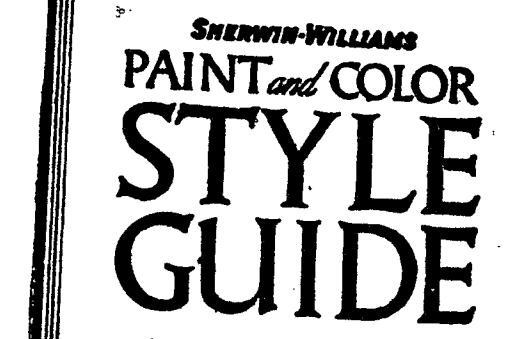

Have you ever had to stand by helplessly and watch a cow or some other valuable head of stock die because you couldn't get a veterinarian? If you have, then you must realize just how valuable a telephone on your farm can be in case of emergencies. A telephone in such a case could have brought life-saving help and thus in just a few minutes paid its way for a long time. Is your stock worth this added protection?

Today the telephone is cheaper and more dependable than ever before and once you have one, you will quickly find that its uses are almost unlimited. Why continue to take chances without a telephone on your farm when it means so much to you and your family?

Body of Mrs. Albertine Schwall, born Ladner, and wife of the late William Schwall of Bay St. Louis and later of Bay St. Louis, who died at her home in New Orleans, was conveyed to Bay St. Louis for burial in Cedar Rest cemetery, where an unusual array of flowers and special designs marked the last resting place.

She is survived by six children, Mrs. Edward Stoltz, Mrs. Joseph Crocker, Lillie Mae and Lois Schwall; Louis, Ernest and Robert Schwall; two sisters, Mrs. Marie Dussor, Mrs. Blanche Pecou and one brother, Robert Ladner.

WILLIAM POWELL AND MYRNA LOY BACK IN "I LOVE YOU AGAIN"

Coming to A. & G. Sunday And Monday in Howling Comedy of Man Who Forgets He's Married.

Designed expressly to make the world forget its troubles, "I Love You Again," co-starring William Powell and Myrna Loy, is scheduled to open at the A. & G. Theater Sunday for a two-nights' engagement. The film is the first in some time to present the popular Powell-Loy "husband-and-wife" team minus the "Thin Man" tag, and is one of the most hilarious of their careers to date.

The story, which makes for one comedy situation coming fast on the heels of another, deals with the amusing plight of a man who, thru an accidental blow on the head, recovers from an eight-year attack of amnesia. When he regains consciousness the world in which he is living seems strange. He has acquired a new personality, a charming wife who is about to divorce him, a bank account, the manager's berth in a large pottery factory and, more than that, the reputation for being a model citizen and civic leader in a small town called Habersville.

Feed And Spray Your Rosebushes.

The roses that have been resting during July and August are now ready for attention if you have hope of their blooming in the fall. Feed them during September and October and spray them every 10 days or so for black spot. A mixture of sulphur and nicotine or just plain sulphur if properly applied will take care of the black spot. Be sure you spray the under as well as the upper part of the leaves. If lars and other eating insects, and you are troubled with caterpillars use arsenate of lead to the spray.

continued in session from day to day hearing objections to the said assessments, taking testimony of witnesses, and examining books, records and papers with reference to the assessment of property; that it has made such changes in the assessments (as fixed by it on the said rolls at its July, 1940 meeting) that it was satisfied should be made in order to fix the assessment of property, real and personal, at its actual value so as to establish equality and uniformity of taxation according to value among the taxpayers of said county, and that all objections to the said assessment rolls, and the assessments therein contained, have been heard and disposed of; that this Board of Supervisors has added to the said rolls all property and persons found to be omitted therefrom, and has given notice to such persons and has heard and determined all objections filed; that this Board has changed and corrected all erroneous assessments; that all things required by law have been done; that the tax Assessor of said County attended this meeting of the Board of Supervisors, from day to day, while it was considering the assessments of persons and property, and hearing objections to the said assessments, and that he rendered all assistance which his knowledge and information enabled him to give; and now being of the opinion that the said assessment roll contains assessments fair, equal, uniform and just, according to the value of the real and personal therein described.

It is therefore ordered and adjudged that the said assessment rolls, and the assessments therein contained, be and they are hereby accepted, approved and made final, and that the final recapitulation of said assessment rolls be certified to the State Tax Commission, on blanks furnished by it, within ten days after the adjournment of this meeting as provided by Section 3175, Mississippi Code of 1930, and as required by law.

Ordered and adjudged this 24th day of August, 1940.

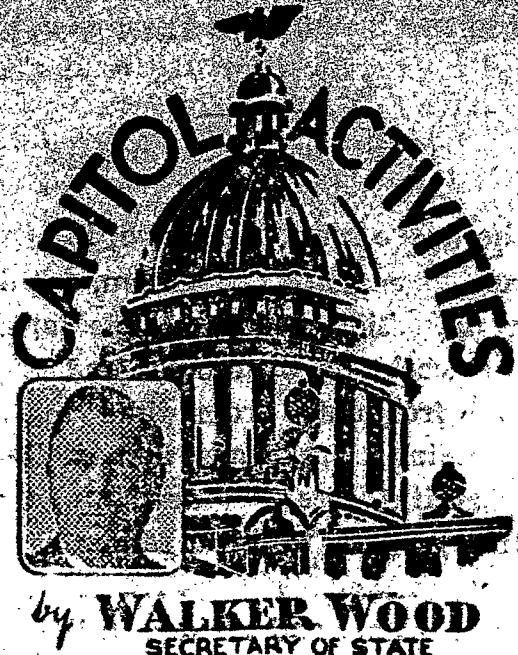

The Board having directed the Clerk of this Board to advertise for bids for furnishing to Hancock County all labor, materials, and equipment, and performing all work for constructing and delivering afloat at Bay St. Louis, Mississippi, one 8-inch pump, size hydraulic dredge, Diesel engine powered, rotary cutter, ladder and spud rig, having all welded steel hull, all as per plans and specifications on file in the office of the Clerk of this Board;

The Clerk of this Board having advertised in a manner provided for by law in the Sea Coast Echo, a newspaper with a general circulation in Hancock County, for a period of three weeks, all as per proof of publication on file in the office of the Clerk of this Board, and Lester E. Alexander Co., Inc., having submitted a bid on said work, and the Board having received said bid, and having considered same, and desiring further time for the consideration of said bid.

It is therefore ordered that said matter be continued until the September, 1940, meeting of this Board for further consideration.

Be it ordered by the Board that the Board adjourn until the Board in course.

CHAS. B. MURPHY, President

REPRESENTATIVE W. W. Hickman of Noxapater has announced his resignation as a member of the Mississippi Legislature. Dr. Hickman has been appointed by Governor Johnson as Superintendent of the State Hospital at Ellisville.

More than 47,000 persons in the State of Mississippi, the United States and several foreign countries receive copies of the Mississippi Market Bulletin, official bi-monthly publication of the State Department of Agriculture.

Dr. H. C. Hicks, director of the Laboratory of the State Board of Health, states that a third floor will be added to the laboratory behind the Old Capitol building to cost \$6,000.00. The state building is furnishing \$2,000.00 and the Rosenwald Fund will furnish \$4,000.00, making a total of \$6,000.00 for the purpose.

Governor Paul B. Johnson presented State badges to 35 new Highway Patrol Officers at a formal installation ceremony on September 3. One new patrolman could not be present, A. E. Cole, who was in the hospital in Jackson in a critical condition following an injury in line of duty.

A news dispatch last week stated that Utopia has been located in Wilkinson county for the Woodville Republican says that not a single piece of property is to be advertised for sale by the sheriff of the county for non-payment of taxes. This is certainly a record. If it has ever happened in the state before we would like the information.

The Mississippi Tuberculosis Association will hold its 33rd annual meeting in Jackson on September 10. Judge J. H. Price of Magnolia is president of the association. Logan H. McLean, of Sanatorium, is executive secretary.

The week of September 8-14, in Mississippi, has been set aside by official proclamation of Governor Johnson as "Scout Salute" for special recognition of the contribution the Boy Scouts of America are making to the cause of Democracy.

According to the Internal Revenue office in Jackson individual income taxes in Mississippi jumped 6.3 per cent during the 1940 fiscal year, jumping from \$1,490,829.64 to \$1,584,497.94.

C. A. Sterling, Topeka, says: "Don't sell America—the greatest going concern in the world—short. The businessman who complains of hard times still makes enough to pay income taxes. The mill operator who declares that he is just operating his plant to provide wages still runs in the black. The doctor who claims that he has plenty of patients, but none of them pay, probably has bought a new car for his wife this year. And the housewife who tells her sewing circle that she just can't make her budget cover necessities any more, has just had her living room completely redecorated. Life on the American plan is still sweet and is the 'best this side of Heaven.'"

Plans have been completed for the Annual Convention of the State Realtors to be held in Jackson, beginning October 19th; according to W. M. Mann, president. A meeting of the Board of directors was held in the office of President Mann on Thursday of last week when final details for the convention were arranged. Prominent speakers, including a representative of the Southern Realtors Association and an official of the National Real Estate Board will be present; it was announced.

The United States Army will train pilots for the air corps at Southwest Mississippi Junior College at Summit, three miles north of McComb. It has just been announced here. J. M. Kenna, president of the college, was notified by army officials that the long-sought Civil School for this area will become a reality. The McComb airport will be the official field for training and the planes used will be headquarters in hangars at the McComb airport.

Vegetable Laxative Has Important Points

This laxative does three important things for most users. If simple directions are followed, it usually acts promptly, thoroughly, gently. You will like it, especially BLACK-DRAUGHTS way. Chief of its all-vegetable ingredients is an "intestinal tonic-laxative" which helps tone lax bowel muscles. Next time, take BLACK-DRAUGHTS. Economical, too: 25 to 40 doses, 25c.

Two Defense Schools Planned For Coast.

C. E. Fitzer of Hattiesburg, assistant state supervisor for the national defense program of WPA, is quoted in a press dispatch emanating from his office to the effect that four national defense training schools will soon be established in the Hattiesburg district at Laurel, Gulfport, Meridian and Pascagoula. Oscar Cassibry, Beat 2 supervisor, said this morning he was not familiar with the type of defense school being planned and that the matter has as yet not been brought to the attention of the Harrison county board.

Efforts were being made he said, to obtain information regarding the project.

Three New Housing Projects Announced

Jackson, Miss., Sept. 5.—Plans for three federal housing projects in Mississippi totaling \$900,000 were announced today by Owen Cooper, state representative of the Federal Housing Authority.

Cooper said new housing authorities in Greenwood and Clarksdale were each planning to ask for federal approval on projects to cost \$400,000, while a new authority in Coldwater was planning a \$100,000 low-rent project in connection with the moving of the town, made necessary by the construction of the Arkabutla dam.

The new Greenwood authority is headed by Frank McGeoy, Jr., Max Freedman is chairman of the Clarksdale authority and C. K. Agent heads the Coldwater group.

Cooper said the Biloxi housing authority would award contracts Monday on two of three projects planned for the Coast city. The projects would include 204 units, according to the state representative.

BELOVED COUNTESS PASSES ON AT AGE OF 85 YEARS.

(Continued from page 1)

the grave some years ago; his children, three sons, had grown, acquired a profession and had gone forth in the world on their own; and visited him frequently from time to time, spending week-ends and holidays. Beautiful was the devotion of the trio of sons to their father.

Asa Russ was a native of Hancock county and resided in Pearlington all his life. His wife was Miss Hattie Boardman, sister of the late Captain Boardman of Pearl River ferry and packet fame, also of Pearlington.

The three sons are Dr. A. B. Russ of New Orleans, Dr. R. S. Russ, and Dr. Albert B. Russ of Biloxi, and two grandchildren, A. B. Jr., and Elizabeth Russ of Biloxi.

The deceased was one of 12 brothers and sisters, four of whom survive him; namely Mrs. Clara Summers of Logtown, Mrs. Louisa Summers of Pearlington, June Russ of Gulfport and Ben Russ of Pearlington.

He was buried in the Pearlington cemetery. Pallbearers were his two nephews, L. K. Russ and Russell Summers of Pearlington, Roy Baxter and Waldo Otis of Logtown, Joseph Boardman of Gulfport and W. C. Wright of New Orleans.

Funeral services, held from the late home and from the Methodist church took place Sunday, the Rev. Gabriel Felder, pastor, conducting religious ceremony. Mr. Russ was well and widely known and last rites were attended by an outpouring of friends and acquaintances from the county, New Orleans and the Gulf Coast. The remains were tenderly laid "at rest" in the local cemetery, next to that of his wife, and when all had been said and done a newly-fresh-made mound was covered with many flowers, tribute to the memory of one who had lived a long and useful life. Truly was his an exemplary life. During the many years of his tenure of life he had engaged in various enterprises and his rugged honesty and sincerity of manner had always brought to him a fair modicum of success.

Type of Asa Russ seem to be fading. They do not stand out as prominently and carry with them so much meaning to the world. May his rest be peaceful and his memory long lived.

Secretary Perkins reports 1,000-000 found positions last year.

MOTHER! don't experiment with your Child's Cold

Often, "mere colds" have serious consequences. It is dangerous to neglect a cold—equally dangerous to experiment with half-way measures.

Feel safe! Use Vicks VapoRub—the proved, external method of treating colds. No risks of constant internal "dosing," which so often upsets delicate digestions and lowers resistance when most needed.

Just rubbed on at bedtime, VapoRub fights a cold direct—two ways at once—by stimulation and inhalation. This combined poultice-vapor action loosens phlegm—soothes irritated membranes—eases difficult breathing—helps break congestion. Often by morning the worst of the cold is over.

Personal and General

COCKTAIL PARTY AT THE BRYAN HOME FRIDAY EVENING

A DELIGHTFUL group of friends gathered at the J. W. Bryan home, 1012 North Beach boulevard, Friday evening enjoying the past times of a cocktail party, at which Mrs. Bryan and her sons, John and James, members of the popular college set entertained to that superlative degree that goes to make for perfection.

The lovely and spacious home lends itself admirably to entertaining, and this added to the charm of the gracious and hospitable hostess, and geniality and cleverness of the sons the house of Bryan, contributed to the evening of thorough enjoyment.

The centerpiece of the dining room was outstanding in the midst of the hors d'oeuvres that were in abundant variety, representing many conceits of the culinary art. This piece de resistance was formed with natural and colorful fruit, like the cornucopia of plenty, rich with long strings of luscious grapes and other fruit in season. Rare lace covered the table.

Cocktails were served throughout the evening and conversation, repartee and laughter prevailed until well nigh the mid-night hour.

Among the guests present were noted: Mr. and Mrs. Harry Hamilton, Mr. and Mrs. M. A. Phillips, Mr. and Mrs. Dennis F. Burge, Mr. and Mrs. Walter J. Gex, Mr. and Mrs. Roger M. Boh, Mr. and Mrs. Wallace M. Catchings, Mr. and Mrs. Leo E. Kenney, Mr. and Mrs. Ulysses Cuevas, Jas. Ferguson, Jr., Mr. and Mrs. Chas. G. Moreau, Mrs. Alice C. Buckley, Mrs. D. E. Ramelli, Mrs. M. MR. AND MRS. ROGER M. BOH ENTERTAIN LARGE NUMBER OF GUESTS SATURDAY EVENING.

Mr. and Mrs. Roger M. Boh, on the occasion of the recent completion of their lovely new home on North Beach Boulevard, entertained some seventy-five guests at a cocktail party, one of the largest affairs of the immediate social season.

Mrs. Boh was assisted in receiving by her sister, Mrs. Josie Olsen, and the Misses Boh, whose graciousness and solicitation for the pleasure of the guests added to Mrs. Boh's lovely and enduring personality and of that rare gift of savoir faire, which, all in all, and assisted by Mr. Boh, made the affair a most distinctive one.

The dining room, reception room and solarium combined served to advantage to entertain. Not only did the dining room table, a rare antique and covered with hand-made lace, carried its weight of good things to eat with an equally diversified abundance of relishes, but side tables in other rooms carried the like in proportionate supply.

In addition, the enclosed sun porch to the rear served as additional space, where liquid refreshment was served with less formality.

It was a fitting climax to the completion of this lovely home with its exquisite setting and furnishings of lovely taste. There could be no greater pleasure to Mr. and Mrs. Boh than to have their friends share with them the enjoyment of their home, even though it was for one evening. However, the latch string on the Boh home is always on the outside and friends ever visit and enjoy the hospitality of this popular couple. (Mrs. Boh was the former Miss Rita Breath).

Noted at this prominent social function were the following: Mr. and Mrs. Leo E. Kenney, Mr. and Mrs. E. J. Arceneaux, Dr. and Mrs. H. A. Eldridge and Mr. and Mrs. Butler, of Abbeville, La.; Dr. and Mrs. Louis Maumus, Mr. Robt. Graham, of Georgia; Dr. and Mrs. James A. Evans, Mrs. John W. Bryan, Mr. and Mrs. C. A. Mrs. Kohler has recovered from her siege of illness and expresses gratitude for the return of her health. She wishes by this method in the absence of personally doing so, to thank the many who were solicitous as to her well-being and recovery; to the many who sent cards, letters, flowers and various messages in addition to a flood of inquiries. "For these," said Mrs. Kohler, "I am also extremely grateful and appreciate the thoughtfulness of my friends and acquaintances. They have been unremitting in their attentions and this has meant so much to me in times when the sunlight did not seem so bright."

Mrs. John A. Green, Sr., we regret to state, has been the victim for the last few months of a prolonged spell of sciatica and is missed from her social and church activities.

COLLEGE GROUP GET TOGETHER ON 16TH BIRTHDAY LEO W. SEAL JR.

On the occasion of Leo W. Seal's sixteenth birthday last Friday evening, a group of some twenty-odd members of the college set assembled at a "stag" birthday buffet supper at the home of Leo's parents, Mr. and Mrs. Leo W. Seal, 408 North Beach boulevard.

The supper was served in the spacious dining room of this lovely colonial home, with its colonial setting and antique furniture, much of which with historic interest and value.

One's 16th birthday is by no means unusual, and one always to be remembered, and this interesting event and its attendant celebration, on the eve of the departure of members of the college set, was one of extreme pleasure and not to be forgotten by the young guests, the number including Milton Phillips, Jr., Walter James Phillips, Jimmy McConnell, "Tut" Martin, Mark Solomon, David McDonald, C. C. McDonald, Jr., Paul Lacoste, James Bryan, Kenneth Bourgeois, Coach George Westfield, Elliott Coward, Jack Weston, Lando Goldman, Billy Goldman, Donald Nelson, J. C. Baxter, Herman Baxter, Jack Baxter, and others.

Leo recently returned from summer camp in North Carolina and resumed his studies at Bay High Monday. He is a splendid youth and has a great future. He plans to attend Ole Miss.

Mrs. John H. Weston, who has been away since the early summer spending the heated term at Bristol, Va., has left that resort and is at present visiting her daughter Mrs. Herbert Robinson, and family, at their home in Birmingham, Ala., before returning to her residence on Carroll avenue near beach front.

Mr. and Mrs. Charles G. Moreau attended a performance of the Ice-capade at New Orleans Tuesday, of which they speak highly.

Mrs. Roger Boh motored to Baton Rouge on Tuesday with her niece, Miss Josie Olson, who entered Louisiana State University. Miss Lillian Olson returns this session to Mississippi Southern College, Hattiesburg, to resume her studies there.

Mr. and Mrs. Jos. B. Burrow and interesting family moved Wednesday into the modern dwelling constructed for their occupancy, corner Second and St. George street, where they are elegantly and comfortably domiciled. Mr. Burrow is cashier of the Merchants Bank & Trust Company. Mr. and Mrs. Burrow will soon be "at home" to their friends.
